

TANVIR HOSSAIN

Industrial Engineer

A self-motivated, well-organized individual with strong interpersonal communication and comprehension skills. I am a conscientious team player with the capacity to work on my own initiative. As a fresh graduate, I am seeking a company that will allow me to develop further, improve, and utilize my existing skillset.

Address

Dhaka Cantonment, Dhaka

Education

BSc in Industrial and Production Engineering

Military Institute of Science and Technology
2022

Higher Secondary Certificate

Cadet College, Rangpur
2016

Bangladesh Military Academy

Former Officer Cadet
2016-2017

Expertise

- JavaScript
- Web Development
- Solidworks
- Supply Chain Management
- Python
- C Programming

Certifications

- Runner Automobiles Limited
- Web Development
- Python

Experience

2020

Military Institute of Science and Technology

Fabrication of a Digital Road Blocker

It's a compact system of maintaining the discipline of high traffic zone. It will reduce accidents and maintain the safety of people's life. It will also reduce the work of humans and make the traffic system a digital one

2021-2022

Military Institute of Science and Technology

Thesis Work

Preparation of Silica Aerogel from Tetra Methyl Orthosilicate (TMOS) by using a super critical chamber.

1. Preparing silica aerogel from Tetramethyl-OrthoSilicate(TMOS) and methanol.
2. Analyzing various applications and characteristics of silica aerogel.

2021

Industrial Attachment

Runner Automobiles Limited

I have completed a 3 weeks internship at the two-wheelers plant of Runner Automobiles. There work in the production line and observe the process. There I calculated the production rate, productivity, and some other factor of production. I also revised kaizen and give some solutions to improve the production rate and productivity

Key undergraduate courses

Supply Chain Management, Cad/Cam, Material Handling, Quality Control, Product Design, Manufacturing process, Numerical Analysis.

Web Development

Course Objective

- Bootstrap
- Tailwind CSS
- JavaScript
- React
